

Taken Off U. S. Ship at Gun Point

These students, shown waving from the deck of the U. S. Lines ship Marine Carp as they sailed for Palestine from New York, are believed to be some of the 41 Americans taken off the ship at pistol point by Lebanese authorities at Beirut, Lebanon. They seized 69 "Zionists of Military age" including the Americans. (NEA Telephoto)

Violent Battle for Old Jerusalem Near an End, Apparently

Arabs Claim 80 Per Cent of Sacred Area of Wall-ed Holy City

BULLETIN
Washington, May 21—(AP)—The United States demanded today that the Lebanese government release 40 American citizens taken off the American steamship Marine Carp at Beirut.

The state department announced that the U. S. minister to Lebanon, Lowell Pinkerton, was instructed to submit the demand.

The department announced at the same time that American diplomatic representatives in all the Arab countries, including Lebanon, have been advised that the United States would "view seriously" any discrimination against American citizens because of race, color or creed.

The group removed from the Marine Carp were between 19 and 55, and the Lebanese authorities took the stand they might bear arms for the new Jewish state of Israel. The Marine Carp was en route to Jerusalem.

(By The Associated Press)

The violent battle for the old walled city of Jerusalem appeared about ended today, with the Arabs claiming 80 per cent of the sacred area.

Jews in Tel Aviv expressed increasing fears. Rabbis ordered prayers for Jerusalem.

The British-trained Arab Legion of Trans-Jordan hurled armored strength and artillery against the last Jewish strongholds in the Holy City.

Haganah and Irgun Zvai Leumi troops were driven back to a thin line of defense along the west side of the Jewish quarter. They holed up for a last stand in the Beit Yaakov of Hurva synagogue, after the Arabs captured the Tiferet Israel synagogue, Jerusalem's tallest structure, to the east.

Loss Serious Blow
The loss of Jerusalem would be a serious blow to the Jews. Defense forces were estimated by the Arabs to number 8,000, a considerable chunk of the Army of Israel, estimated at about 50,000. Besides, 90,000 Jewish civilians are in the city, which stands as a great road block on the main Arab east-west and north-south supply lines.

WEATHER

FRIDAY, MAY 21, 1948

FORECAST FOR DIXON AND VICINITY: Fair and cooler tonight; Saturday, fog with moderate temperature; low tonight 48; high Saturday 74. Low Saturday night 48; north to northeast winds 10 miles per hour becoming southeasterly Saturday afternoon.

For the 24 hours ending at 7:00 a. m. (DST) today, maximum temperature 85, minimum 61 (year ago 70 and 43); clear.

Saturday—sun, rises at 5:19, sets at 8:11.

Sunday—sun, rises at 5:19, sets at 8:11.

EXTENDED FORECAST

Illinois—Temperature will average about 4 degrees above normal north to 8 degrees above south (normal maximum 74 north, 79 south; normal minimum 50 north, 55 south); somewhat cooler Saturday; warmer again Sunday and Monday then turning cooler Wednesday; precipitation will average 1/4 inch occurring as scattered showers Tuesday and Wednesday.

Final Decision of Old Suit Increases Illinois' Revenue

Pekin, Ill., May 21—(AP)—A final decree in a long dispute over the Illinois Central railroad's charter tax will bring an extra \$240,000 a year in state revenue, Attorney General George F. Barrett said today.

The decree, winding up seven years litigation, was entered yesterday by Circuit Judge Joseph E. Daily. It will mean an immediate \$171,000 in state revenue, Barrett said.

The case dated back to 1939, when the Illinois Central lowered its charter line tax payments from seven to five per cent of gross earnings. The railroad contended that the state's abandonment of a real estate tax in favor of a sales levy in 1933 had reduced the charter tax obligation by two per cent.

This point was decided by Judge Daily in 1946. He ruled against the railroad. Two months after the decision, the I. C. paid to the state \$5,955,175 in back taxes which had accumulated since 1939.

705 Miles of Charter Line

The railroad has 705 miles of charter lines within Illinois. Judge Daily's final decree in Tazewell county circuit court covered these main points:

1. The railroad must include as charter line revenue its income from the South Shore line for use of I. C. tracks on Chicago's south side. The state's share is \$93,034 for a disputed nine-year period.
2. Income from time table, billboard and other advertising on charter lines and from certain switching fees in Chicago must be classed as charter line revenue. The state will get \$49,498 from this source immediately.
3. The railroad must revise its system of proration in allocating certain freight receipts. For the period from Aug. 22, 1947, to Oct. 31, 1947, the revision means an additional tax liability of \$29,315.

"The seven per cent tax rate is now fully established; the scope of 'charter line revenue' for tax purposes is now much more fully described," Barrett said.

Official Affairs of Village Stand Still

Brooklyn, Ill., May 21—(AP)—Official affairs of this Edgemoor county village virtually have come to a standstill.

Without giving an explanation, the town treasurer and five of the six members of the town board have resigned. Their action followed an overwhelming defeat by voters of a proposed \$15,000 bond issue to build a storm sewer.

The 449 residents of the village aren't sure whether they should call a special election to reestablish the local government. Meanwhile, they have only the one remaining board member and a town clerk.

Amboys 'Mad Poet' Denied Clemency

Charles Skinner, "the mad poet of Amboy," who is serving a life sentence for the slaying of Olive Dervent, Amboy high school girl, in 1935, has been denied executive clemency by Gov. Dwight Green.

Announcement of the action was made late yesterday.

Skinner was sentenced to life imprisonment after his conviction in Lee county circuit court April 20, 1935.

He shot Miss Dervent, then only 17, on Jan. 30, 1935, because of jealousy.

Skinner became known as "the mad poet of Amboy" after he wrote a number of poems while he was being held in county jail awaiting trial in which he referred to the girl as his "snow flower" and "shooting star".

Testimony at his trial was written out for him in order that he might know what the proceedings were because of his deafness.

PHIL BAKER JAILED

Beverly Hills, Calif., May 21—(AP)—Phil Baker, 55-year-old radio comedian, was jailed today. Police Chief C. H. Anderson announced after two patrolmen saw the comic's car weaving down a side street.

In Wrong Pew

Bismarck, N. D., May 21—(AP)—The North Dakota highway patrol set up business in the Memorial building here to issue drivers licenses during the spring rush.

An applicant spotted a desk and gave the clerk behind it his name and address. In return, he got a shiny blue badge and started to leave.

"Just a minute. That will be 33," said the clerk. The surprised motorist turned to discover that, instead of registering for a driving permit, he had become a delegate to the postal carriers' state convention—in progress in the same building.

Retrial of Strock Will Contest Will Come in September

Judge Dixon Denies an Immediate Hearing; Other Court News

A motion for immediate trial of the will contest suit in the \$125,000 estate of Mrs. Mary E. Strock was overruled today morning by Judge George C. Dixon in Lee county circuit court, and the case was continued to the September term of court.

Judge Dixon ruled against the motion made by the defendants in the suit, Max Aughenbaugh and David C. Coke, in overruling the motion.

A circuit court jury was dismissed when it failed to agree after approximately eight hours deliberations on the case here several weeks ago after a week long trial.

Aughenbaugh and Coke were the principal beneficiaries in the will of Mrs. Strock, made in November, 1915. The estate included two Lee county farms, three Dixon houses and approximately \$50,000 in cash and securities.

Under Influence Charged
Charles and Leo Russell, cousins of the deceased woman, charged that Mrs. Strock was under influence when the will was made and was not capable at that time.

They were represented by Attorney Edward Jones and the firm of Burt & Schirmer, Freeport, Wis., and Warner and Ralph Eaton, Mt. Carroll, represented the defendants.

Judge Dixon also granted two divorces this morning, both on grounds of desertion. They went to Mrs. Iva Poppins and Mrs. Clea K. Pentland.

Mrs. Poppins charged her husband, Charles, deserted her Aug. 1, 1946. They were married Nov. 11, 1939, Morganfield, Ky., and have no children. She was represented by Edward Jones.

Mrs. Clea K. Pentland charged her husband, Vivian, left her March 16, 1947. They were married in East Lansing, Mich., June 24, 1944, and have no children. E. S. Wadsworth represented her, and Lloyd Scriven appeared for the defendant.

Scheduled for 1:30 p. m. today was argument of a motion to strike in the city's suit to collect from Joseph and Jennie Eichler and Corrine Miller the more than

(Continued on Page 6)

Strike Costly to Livestock Growers

Chicago, May 21—(AP)—The president of the Illinois Agricultural Association said yesterday, the nation's livestock producers have lost \$180,000,000 as a result of the packinghouse strike.

Charles E. Shuman told the association's board of directors that the loss has accrued at the rate of \$20,000,000 a week and suggested farmers should "carefully examine the possibility of moving into" the fields of supply and distribution with cooperatives.

"Our present system of distribution has failed in its primary function of reflecting changes in supply and demand conditions," he said.

"We were informed by the packers that they were protecting farmers' interests, as wages would come out of our prices. \$20,000,000 a week is a rather high price to pay for protection. The union, on the other hand, was not justified in the arbitrary course that it pursued."

Shuman said the strike was blamed for "this deplorable condition."

Lewis Ignores Mine Operators' Plea To Resume Conferences

Here Monday

Meat Strike Believed Near End: Threat of IHC Walkout Lifted

BULLETIN
Washington, May 21—(AP)—John L. Lewis gave a cold shoulder today to the mine operators' invitation to resume talks on a new coal mining contract.

The chief of the United Mine Workers sent reporters word that he had no comment on the invitation and would not reply to it immediately.

From UMW sources, it was learned that the union regards the invitation as simply a "maneuver" by the operators in connection with a complaint of unfair labor practices brought against Lewis by the Southern Coal Producers Association.

(By The Associated Press)

The possible end of the prolonged meat strike and removal of a strike threat at International Harvester Company plants were bright spots in the nation's industrial strife today.

Results of the vote by the striking CIO United Packinghouse Workers on whether to end their 67-day old strike were expected to be announced today at the union's national headquarters in Chicago.

Herbert March, strike director, predicted the vote to end the work stoppage on company terms will favor return to all plants except Wilson & Company. He predicted a close vote for returning to work at plants of three other major packers—Swifts, Cudahy and Armour.

As the votes were being tabulated, National Guardsmen continued to patrol strike-bound plants in Waterloo, Ia., and in Albert Lea, South St. Paul and Newport, Minn., scenes of recent disorders.

In Waterloo, National Guardsmen with fixed bayonets stood prepared to protect non-striking workers going to their jobs at the strike-bound Rath Packing Company plant. One picket was killed Wednesday night and the Guard was called after a riot.

Vote on Packers Offer

The estimated 100,000 striking packinghouse workers voted last night on acceptance of a nine-cent hourly pay boost, retroactive to the March 16 strike call, retention of all seniority rights and arbitration with companies on possible discharge of workers accused of unlawful acts during the strike.

The union struck in support of demands for a wage hike of 29 cents an hour, rejecting company offers of nine cents. March said the union recommended strikers to vote against returning to Wilson plants because the company proposed to reserve the right to re-employ all strikers and said it would not re-hire workers charged with unlawful acts. About 8,000 workers are normally employed at the struck plants operated by Wilson.

Invite Lewis To Meet

ADAM AND EVE TO WED

Waterbury, Conn., May 21—(AP)—Adam and Eve will be married here Sunday.

Invitations have been sent out for the wedding of Miss Eve Shkynba and Adam Mihaloff at St. Mary's Greek Orthodox church.

Cowboy Careers of Five Teen-Agers Nipped by Police

Chicago, May 21—(AP)—Five teenage boys, whose cowboy careers were nipped by police, anxiously awaited the arrival of their parents today from Ohio.

Police spent two hours last night sorting, stacking and counting piles of bills and silver found on the youths. It totaled almost \$4,500.

Detective Daniel Kenny quoted the smallest boy, Kenneth Byer, 12, as saying he took a pile of money from his grandmother's secret hoard to finance the trip. He said he hadn't counted the money because "it was too much trouble," but his grandmother reported \$5,000 missing.

Kenny said young Byer told him "I saw her put some money into a cigar box in her room three weeks ago. Pretty soon it began to bother me."

The detective pieced together the following story of the trip. Kenneth decided Wednesday to go west. He called four chums and told them, "I've got enough money for all of us. We'll go to Arizona and buy horses."

The group reached Chicago by train yesterday morning. Having a good part of a day to wait for

(Continued on Page 6)

Hopeful

Garden City, N.Y., May 21—(AP)—Pound keeper Steve Wisnann was handed a stray 200-pound St. Bernard dog Wednesday.

The village allows him 20 cents a day to feed each canine in his care. Not enough, says the pound keeper, to buy the new inmate an appetizer. Dogged by reproachful looks, Wisnann shares his lunch with the St. Bernard. Meanwhile, he's hoping the owner will claim his pet pronto.

Guard Halts Strike Riot

Order is restored in strike-bound Waterloo, Ia., as Iowa National Guard troops are rushed to this aroused metropolis. The fatal shooting of a picket set off wild rioting among the CIO strikers at the Rath Packing Company plant which kept up until the troops took over. (NEA Telephoto)

Green, Taft First, Second Choices of Illinois Delegates

Associated Press Poll Shows Changes in Sentiment of Voters

Chicago, May 21—(AP)—Gov. Dwight H. Green and Senator Taft (R-Ohio) are first and second choices of Illinois delegates who will help choose the Republican nominee for president.

Green is the No. 1 choice of 27 of 56 delegates, an Associated Press poll showed today. He gained nine delegates since a similar poll in February.

Taft was named by six delegates, just as he was in February. He also got six second-choice votes the same as three months ago. His backers believe he has the best chance of inheriting delegates for Green—if Green frees them—and 19 others who give no preference now.

The new poll also showed two delegates favoring Gen. Douglas MacArthur, and one each favoring Gov. Thomas E. Dewey of New York and House Speaker Joseph Martin (R-Mass.).

Green has proclaimed himself neutral on presidential contenders. He indirectly included himself as favorite son, in his neutrality stand. He says he is only the party nominee for governor. He has maintained a strict public silence on reports he may be a nominee for vice president or for attorney general in a GOP cabinet.

Officially Uncommitted
Officially, the Illinois GOP delegation is uncommitted.

Green has asked that the delegates stay that way until they reach Philadelphia June 20. As temporary chairman and keynoter at the convention, he says he is taking part in no presidential campaigns, and he hopes the Illinois delegates do the same.

Other changes in the two polls are minor, compared with Green's jump from 18 to 27. MacArthur advanced from one to two. Dewey and Martin were unchanged with one each.

High Court Turns Progressives Down

Springfield, Ill., May 21—(AP)—The Illinois Supreme court has rejected a new attempt by the Progressive party to place their candidates on the November ballot in Cook county.

The tribunal, at the windup of its May term late yesterday, refused to consider a writ aimed at compelling election officials to put Progressives on the ballot. The party is backing Henry A. Wallace for president.

Progressive leaders said election officials won't accept their nominating certificates filling vacancies resulting from the party's inability to have their candidates on the April 13 primary ballot. The state Supreme court in March held the party was entitled to ballot recognition.

The tribunal handed down 43 opinions yesterday at the conclusion of its two weeks term. It did not rule on challenges to the community unit school district law and the state Armory Board's bonding powers.

The court will convene again June 21 to admit a class of candidates to the practice of law and swear in two Supreme court justices who will be elected June 7.

The next regular term opens Sept. 13.

Local Briefs

Minor Accident Reported—

A slight accident involving cars driven by Tony Garland and Clyde Wheeler, both of Dixon, was reported to police last evening. It occurred yesterday morning on First street near the Freeman Shoe Co. plant.

Bonus Board Reports—

Thirty-two hundred Illinois bonus checks were mailed to World War II veterans yesterday. The value of the payments totaled \$1,183,383. To date the state has distributed \$184,805,236 in bonuses to 241,739 downstate veterans and 235,039 in Cook county.

Traffic Fatalities Up—

Automobile accidents on Illinois highways took 135 lives during April, compared with 142 in the same month of 1947, the state highway division reported today. Traffic fatalities for the first four months of 1948 were 607, an increase of four per cent over the comparable 1947 period.

March Below Normal—

March temperatures in Illinois ranged from a frigid 14 degrees below zero to a balmy 85 degrees above. The weather bureau at Springfield said today the low temperature occurred March 12 at Jacksonville and the high reading at Sparta March 20. For the entire state, temperatures averaged 40.9 degrees, or slightly below normal. Precipitation of 5.01 inches was 1.83 inches above normal.

Visit Disposal Plant—

Pupils of the sixth grade of the Lincoln school Thursday inspected Dixon's sewage disposal plant under the guidance of Supt. Clarence Hill. The operation of the

(Continued on Page 6)

Un-Noticed

London, May 21—(AP)—Reporter Joan Reeder wrote in the Daily Mirror today she wore her nightgown to the Paris opera and that Princess Elizabeth and the other customers never knew the difference.

Joan, 25, was sent to Paris on short notice last week to report the visit of Elizabeth and Prince Philip. She got an unexpected invitation to the opera, but had no evening gown.

She wore instead a pink and black nightgown with a bare midriff. It being Paris, no one noticed, she wrote.

Planning 168,000 Low-Cost Meals Daily Is Problem of Ethel Boyle

Springfield, Ill., May 21—(AP)—How would you like to have to plan 168,000 low cost meals a day—with the high cost of living looking over your shoulder?

That's the job of Mrs. Ethel Boyle, petite red-haired "housekeeper" for the state's 25 welfare institutions.

Mrs. Boyle spends her day working with cooking problems of the institutions and then goes home to cook for her husband and herself.

"Cooking at home is something like playing with toys after working with so many meal plans in the office," she says.

She checks the daily menus for 56,000 employees and inmates of the institutions. A big title—Supervisor of the Division of Home Economics and Nutrition under the welfare department—goes with her job.

"We work under a comparatively strict budget," says Mrs. Boyle.

Only three sessions remain at the Better Home Show which opened yesterday at the Dixon Armory with hundreds of visitors inspecting the gaily decorated booths. The exhibit was hailed by factory demonstrators and representatives as one of the most outstanding on their schedule of 1948 home development exhibitions.

Many of the show goers found one of the highlights of their tour through the auditorium in the Dixon Evening Telegraph booth, which contains an Associated Press teletype—issuing written stories from points throughout the world.

The machine was installed at the armory in cooperation with the AP and necessitated direct cable lines to the Better Home Show. Flash bulletins are also maintained at the show, so that everyone will be posted on the latest developments on the news front.

The Telegraph booth also contains descriptive picture stories of various newspaper departments and a pictorial display of the major news events in the Dixon area during recent years. Photographs of graduates in Lee, Ogle and Bureau counties are also posted on the display board.

"Rock River Sam" Present

Many visitors were surprised last night as "Rock River Sam" put in an appearance at the Better Home Show and gave the whole event a thorough going-over. Attired in size 24 shoes and wearing a rainbow colored costume, Sam checked every booth, gathering circulars and asking questions about the hundreds of gadgets on display. He promised to return again tonight between 7:00 and 8:30 p. m.

Radio station WMBD artists presented an outstanding program from the stage of the auditorium and will be back again tonight and tomorrow evening. Offering a one hour floor show, the troop composed of singers, magicians and musicians were roundly applauded by their performance.

Myrtle Bishop is directing afternoon presentations from the key-board of the Solovox.

The average cost of a meal per person in the institutions was 17 cents during the year ended June 30, 1947.

"It's a big problem to serve a low cost but adequate diet when food costs are so high," Mrs. Boyle says.

She is training employees to prepare more varied meals and get away from the "stock pot" foods such as soup and stews.

"We're installing baking ovens in the institutions to accomplish this," she relates. "We want to make the food more home-like and less institutional."

A typical lunch is baked meat loaf, boiled potatoes, seasoned cabbage, milk or coffee, and doughnuts or pudding.

In addition to culinary duties, Mrs. Boyle supervises the laundry of wearing apparel and household linens at the institutions, which stacks up to about 1,000,000 pounds a week.

Britain Attempts to Maintain Positions In the Middle East

Differs on Israel Status Because of Her Arab Support in Far East

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The sharp differences between the two major democracies—Britain and America—over the Arab-Jewish issue are bringing many anxious queries to this column.

Why should we find the United States recognizing the new Jewish state of Israel, while England withholds recognition as Arab troops (some of which are British trained and supported) move into the Holy Land for the attack. Why, in short, should the two powers appear to be taking opposite sides in the conflict.

Well, we are treading on delicate ground here. However, I think we are safe in saying that London and Washington aren't really working towards different ends. They just have got their wires crossed in a most disconcerting manner, which is causing much heartburning in both capitals.

Britain's main objective, as I see it, is to safeguard her interests in the Middle East. These

include control of the strategic areas necessary for maintenance of her lifeline through the Mediterranean and the Suez canal to the Far East. Many of these strategic bases are Arabic. England also is vitally interested in the Middle East petroleum fields—as is Uncle Sam, and in a big way.

It may surprise many people to find Britain thus apparently putting heavy emphasis on her Mediterranean defenses once more. It's only a little more than a year ago that she announced withdrawal of her military administrative and supply bases from the eastern Mediterranean to Kenya colony on the east coast of Africa. It was said that her reasons for this sensational change included the instability of her political and military status in Egypt and Palestine.

London said this program envisaged retention of Britain's forward operational bases "as long as practicable" in such countries as the Sudan, Palestine, Egypt, Transjordan and Iraq. However, the world got the impression that British military experts felt the position was such that they would not be able to defend the Mediterranean lifeline in another great war.

That was a year ago. Since then the situation has changed vastly—due to Communist aggression. Moscow not only has virtually annexed eastern Europe but is trying to make true Russia's age-old dream of breaking through

into the Middle East and becoming a Mediterranean power. Thus this area has again become one of the world's worst danger spots.

So we see Britain maneuvering to maintain her position in the Arab countries, or so it seems from here. She proposes to defend the Mediterranean—the need arises.

But meantime the Holy Land is torn by bloody strife. What of that? Some observers familiar with the Middle East believe that sooner or later the Arabs and the Jews will make a deal for a division of Palestine, and end the war. King Abdullah of Transjordan, commander in chief of all the Arab forces, is ambitious for expansion and might well be interested in bargaining.

If some compromise is achieved it may not come until after a considerable period of warfare. How that will go is anybody's guess at this writing. The warring forces which haven't yet come to full grips, and there is nothing by which to gauge the trend.

WOULD MAKE DIFFERENCE
Average temperature over the earth's surface would be about 18 degrees Fahrenheit, instead of the observed 60 degrees, if there were no atmosphere.

It is said that one-third of all automobiles on streets and highways at any given time have something wrong with their brakes.

If Jesse James Is Alive, Where Is Elmer, Hal Asks

One of Many Mysteries Left Unsolved by Congress, He Says

By HAL BOYLE
New York—(AP)—What kind of a figure did the face on the barroom floor have?

Who really put Pussy in the well? Who moved down Cook Room and why? Where's Elmer?

These are celebrated mysteries still left unsolved by the reported discovery of Jesse James alive, and well in Oklahoma at the age of 100—and drawing more interest than he ever got from a bank. It is a dull year indeed when somebody doesn't revive the famous Missouri outlaw, and it is only recently that doubles for John Wilkes Booth, the man who shot

Lincoln, quit reappearing. Booth would be 110 years old now.

The time is ripe for congress to set up a permanent commission to investigate all the popular puzzles that rise again and again to worry a peaceful people.

Let's get rid of these uncertain ties. Where is Elmer indeed? Did the face on the barroom floor have piano legs? Why do we have to go on wondering what became of Sally? Who really did pay the rent for Mrs. Rip Van Winkle while her husband was growing his long shut-eye? Let's don't just just about why the chicken crossed the road. Let's find out.

There are enough of these unsolved, vexing riddles to keep a congressional investigating committee busy forever. An ideal counsel for the committee would be Jim Moran, the first man in his history to sit on an ostrich egg and watch it single-handed by the warms of his own personality. Moran boasts he also is the first man to sell an icebox to an Eskimo and find a needle in a haystack. Let's put him in charge of the

committee's "lost and found" department and send him off in Rudyard Kipling's phantom rickshaw to get the real lowdown on what happened to Charley Ross, the kidnapped Philadelphia boy. He could also take sidetraps, expenses paid, looking for Ambrose Bierce, Justice Joseph Force Crater, Adolf Hitler, and the cigar store Indian.

That still leaves plenty of problems for the committee members themselves.

Why has the friend who put the overalls in Mrs. Murphy's chowder never been brought to justice? His capture might swing the Irish vote in an election year.

Can't congress find out after all these years who broke the lock on the "house door"? What about the lost Atlantis, the Lost Chord and the Lost Weekend? Can the FBI say for certain they were not stolen? Can't it do anything about getting them back?

All these questions congress has avoided for years. But I can save the committee the trouble of exploring one woody problem—what happened to vaudeville? Take a look at your television

set. There's vaudeville. Maybe Elmer will show up on the screen next.

Identify Amnesia Victim In Decatur After Week

Decatur, Ill., May 21—(AP)—A youth treated in Macon county hospital here for the past week as an amnesia victim was identified yesterday as Robert J. Dastev, 20, of Logansport, Ind.

The FBI in Washington said fingerprint records showed the youth had served in the army. He was found in a highway cafe near here.

Sheriff A. C. Ammann said the youth appeared to know no family name either with his name or place of birth.

Lewis Dailey, a brother, was enroute here from Logansport to take the patient home. Ammann said Lewis told him that Robert left Logansport to look for a job at South Bend, Ind., only a short time before he was found here.

Alaska has a population about one-half that of Omaha, Neb.

Blind Negro 'Tops' as Washer of Cars

Cleveland, May 21—(AP)—People come from miles around to watch Forrest Hill, 30-year-old blind Negro, perform his work as a car washer.

Harry Johnson, his boss at a gasoline station at Washington Boulevard and Lee Rd., says Hill is "tops" as a washer.

"His speed is just average, but the result is perfect," Johnson declared. He never misses a spot. When he has finished a job on a car it is really done. He is so good that a lot of people wait around until he can get to their cars."

Hill lost his sight two years ago when the optic nerves in both eyes were severed in an automobile accident.

He tries to make up for his lack of sight by his sensitive fingers. He goes over each car twice with a hose and his fingers tell him if he has missed a spot.

Potatoes are natives of Peru and the Peruvian Indians called them "papas."

for the Economy of Longer Wear

Ask the next ten Florsheim wearers you meet *why* they buy Florsheim Shoes. Odds are they'll tell you it's the wear they get rather than the price they give. Yes! When *quality* adds up to *fewer* pairs, the economy is obvious—and that's why more men wear Florsheim Shoes than all other quality makes combined.

Politics

Roundup of Developments in Nation Political Picture by AP

Washington, May 21—(AP)—Oregon voters may flash a "slow" signal today on the presidential hopes of either Harold E. Stassen or Gov. Thomas E. Dewey.

While the two major contenders for the Republican nomination are battling it out on the Pacific coast, a third Senator, Robert A. Taft, will be invading New Jersey territory where Dewey and Stassen have been clashing support.

It is Taft Day at Princeton, where Stassen visited last month. Dewey also has been invited to drop in for a chat with the New Jersey delegation before the Philadelphia convention opens just one month hence.

The outcome of Oregon's primary vote today was generally regarded here as likely to be heavily damaging politically to the loser. The winner gets the support of the state's 12 delegates.

Oregon Democrats, participating in today's primary there, are expected to name 16 delegates ready to support President Truman for the nomination.

Nevada Democrats will choose 10 and Utah 11 in conventions tomorrow.

Democratic leaders were pleased with the selection at Philadelphia yesterday of Senator Barkley of Kentucky as national convention keynote and Rex Rayburn of Texas as permanent chairman. Both are highly regarded by colleagues north and south, and could go a long way toward solving party differences.

Meantime, Truman checked up today on party reaction to another off-the-cuff speech with his widely-heard pre-convention swing across the country less than two weeks away.

He told a schoolboy audience in Philadelphia yesterday that the public schools are "disgraceful." He deplored what he called the financial plight of the nation's prevalence of overcrowded schools with underpaid teachers.

The talk before students of Girard college for fatherless boys, was labelled by the White House as strictly non-political.

The president starts his Chicago-to-Los Angeles speaking tour when the special train leaves Washington June 3.

Alabama Republicans named a 14-man delegation yesterday. 12 of them unopposed. Two were instructed for Dewey. Of the unopposed, one has announced for Dewey and one for Taft.

Maryland Republicans picked an unopposed delegation of 16. Four said privately they liked Dewey, but made no pledge.

LOTS OF TERRITORY
An observer in a stratosphere balloon at a height of 15 miles above Chicago, could see, with the unaided eye, nine states: Minnesota, Iowa, Missouri, Wisconsin, Illinois, Indiana, Michigan, Ohio, Kentucky.

HAMILTON AUTOMATIC CLOTHES DRYER

● You HAVE said it, haven't you? The night before washday? Yes, and meant it, too, because there's nothing worse than to have to let dirty clothes pile up while you wait for nice weather.

When you have a Hamilton Automatic Clothes Dryer, you just flip the switch, toss in your clothes straight from wringer or spinner and, in 15 to 25 minutes, they're ready to iron! Things dry soft, sweet-smelling, and fluffy in the Hamilton, too, an average washerload at a time. Rain? Snow? Soot? Smoke? Forget 'em!

Why don't you come in, right now, and let us show you how Hamilton can help the last bit of labor and risk out of your weekly washings? We'll be happy to demonstrate.

Boys Pay Respects to Friend, Father Flanagan

Boys Town, Neb., May 21—(AP)—Youth of all races and creeds paid last respects today to their great friend and benefactor—the Rt. Rev. Msgr. Edward J. Flanagan, founder and director of world-famous Boys Town.

Dowd Memorial chapel on the grounds of the haven for homeless and neglected boys was prepared to receive the body after two solemn masses of requiem said by priests of the Omaha archdiocese.

The body of Father Flanagan, who once said "I have yet to find a single boy who wants to be bad," will rest in a sarcophagus in the northeast corner of the chapel.

The body was brought home from Berlin, where Father Flanagan died May 15 of a heart seizure.

TB Victim Wins High Moline Graduating Rank

Moline, Ill., May 21—(AP)—Beverly Taylor believes her recovery from tuberculosis moved into higher gear yesterday.

The patient at the Rock Island county tuberculosis sanitarium was told by news reporters that she has won co-valedictorian honors of the Moline high school's June graduating class, although she has been out of school for a year and a half.

A private tutor has had Beverly in charge at the sanitarium. She said the scholastic honors would speed her recovery and that she hopes to enter college next fall. She is the daughter of Mr. and Mrs. Floyd Taylor of Moline. Taylor is a policeman.

Society Devoted to Photography May Be Formed Here

An interesting meeting of all Dixonites, men and women, who are interested in forming an organization the purpose of which will be to improve movies and slides taken by local photographers and movie fans, will be held at the Loveland Community House Monday evening, at 7:45.

The visitors will present films which were prize winners at a recent spring show, plus several of the club's production films. President Shute will show his feature film, "As Ye Sow So Shall Ye Reap," and Paul Dahlman will show a film titled "County Fair."

Club production films to be shown will include "Sonny's Triumph," and "New Glarus, Wis." A short business session will precede the program at which time an open discussion will be held to determine the advisability of formulating an organization in Dixon for the purpose of improving both movies and slides. Another meeting will be arranged the time and place to be determined, when future plans will be determined.

ELECT OFFICERS
Decatur, Ill., May 21—(AP)—The Illinois Probation Officers Association yesterday elected Mrs. Jesse Langford of Peoria as president. Other officers elected are Mrs. Goldie Floberg, Rockford, vice president, Mrs. Isabelle Durstock, Elgin, secretary, and Berni Brown, Aledo, treasurer.

Contrary to common opinion, food flavors are much more a matter of smell than of taste.

NorthWestern Is Doing All It Can for Suburbanites

Springfield, Ill., May 21—(AP)—The Chicago & Northwestern railway told the Illinois Commerce commission last night it has employed every available passenger train to meet a commuter traffic "emergency."

L. L. White, vice-president in charge of the railroad's operations, made the statement in reply to a query from John Biggs, commission chairman.

Biggs told the railroad the commission had received "numerous complaints" that the line's commuter trains are "badly overcrowded," and that "passengers are greatly inconvenienced." He asked what the company intended doing about it.

In his reply White said: **Railroad Answers**
"To meet the emergency created by the North Shore strike, every available passenger train has been pressed into suburban service and

many additional stops have been added to existing trains.
"Records indicate that for the first three days this week, the average on-time performance of 32 inbound suburban trains was 85 percent. A similar number of outbound trains averaged 80 percent on time.

"Records further indicate that none of the shoreline trains are trains that are badly overcrowded. Some of them, however, do have passengers standing for relatively short distances.

"On the other hand, many of these Shoreline suburban trains are operating daily with vacant seats, even in peak traffic periods."

The Chicago, North Shore & the world.

Milwaukee railway which parallels the Chicago & Northwestern in some north shore suburbs, had been tied up for several weeks by a strike.

Test Legality of Sunday Court Sessions in State

Chicago, May 21—(AP)—The Chicago Bar association plans to have the state supreme court say whether Sunday court sessions in Illinois are legal.

Chief Justice Edward S. Sanford of municipal court said yesterday that a fine or jail sentence will be imposed Sunday, June 6, and that an appeal to test validity of the Sabbath penalty then will be taken to the supreme court.

He explained that although state statutes do not provide specifically for Sunday courts, a decision many years ago held that Illinois judges may perform only ministerial duties on Sunday.

Russ-U. S. Peace Moves Hardening In New Deadlock

America Views Russian Stand as "Cynical"; Reds Hit Policies

Washington, May 21—(AP)—The peace exchange between Russia and the United States appears today to be hardening into the same kind of deadlock that has blocked progress on all other issues involving the two great powers.

Moscow's latest declaration—a Tass news agency dispatch evidently reflecting official Soviet views—represents the Soviet Union as standing firm that any negotiations undertaken should be on a two-power basis, covering a range of subjects from atomic energy to human rights.

By contrast, Secretary of State Marshall has made clear that any settlements which Russia is prepared to reach on major issues must be sought through the United Nations, the Council of Foreign Ministers or other international agencies which have been grappling with these issues for the past two years or more.

"Cynical Attempt" by Russia—American officials are inclining more and more to the attitude that, as one highly placed authority put it, Russia is embarked on a "cynical attempt" to build up world hopes for more peaceful relations between east and west. Actually, they maintain, the Soviets are unwilling to make the practical compromises essential to real improvements.

Meanwhile it was learned that Norway and Denmark, both targets of recent Soviet press criticism, have asked the American government for military equipment to strengthen their security. They want mainly machine guns, anti-aircraft guns and anti-tank guns.

Diplomats predicted that if these requests are granted, as they probably will be, the Russians will seize on the development as a new opportunity for propaganda attacks on both the United States and the two Scandinavian countries.

State and Army department officials have been giving the Danish and Norwegian requests "sympathetic consideration," informants reported.

Hit "Aggressive U. S. Stand"—The Tass statement on the U. S. Russian peace exchange followed by only a few hours Marshall's

news conference comments on the same subject—particularly on Premier Stalin's response to proposals by Henry A. Wallace last week for Soviet-American talks.

Yesterday the secretary declared that the world urgently needs constructive and remedial action on these grave issues. Marshall said that within the past 10 days there has not been any evidence of improved relations with the Soviet Union in such places as Germany, Austria, and Korea.

The Tass statement blamed the whole situation on what it called "the aggressive attitude adopted by the present government of the United States of America." Tass argued that since the great powers had settled their wartime problems by direct negotiations the same method should be practiced now.

Boy Murder Sentence Gets High Court Review

Springfield, Ill., May 21—(AP)—The murder conviction of 13-year-old Howard Lang of Chicago, sentenced to 12 years in prison, will be reviewed by the Illinois Supreme court.

The tribunal stayed execution of the youth's sentence yesterday pending a ruling on his appeal. A decision is not expected before September.

Lang was convicted of killing his seven-year-old playmate, Lonnie Felick, whose body was found last fall in a forest preserve.

Changes Rules for Courts in Illinois

Springfield, Ill., May 21—(AP)—The Illinois supreme court adopted a rule Thursday declaring that any person charged with a felony must be advised of his right to counsel before arraignment.

If the accused doesn't have counsel and has no means of procuring counsel, the trial court must appoint counsel for him, the tribunal said.

Heretofore, under Illinois law, it has been mandatory for trial courts to appoint an attorney only in cases punishable by death. Felony cases other than crime which is received or accepted from a

may be punishable by a prison sentence.

In its "right to counsel rule," the supreme court said if a defendant seeks to waive counsel the trial court must examine him to see if he fully understands his attempted waiver. The court added:

"The inquiries of the court and the answers of the defendant to determine whether the accused understands his right to be represented by counsel and comprehends the nature of the crime with which he is charged and the punishment thereof fixed by law, shall be recited in and become a part of the common law record in the case."

The supreme court declared that in no case shall a plea of guilty

nor under the age of 18 unless represented by counsel."

The rule becomes effective Sept. 1, this year.

HOLLYWOOD

BY BOB THOMAS

Hollywood—(AP)—Young Claude Jarman, the memorable Jody of "The Yearling", indicates that a life-long film career is not for him.

Claude's ambition is to study now that you've had "Alexander's" agriculture and play football at the University of Tennessee and "Easter Parade" you'll undoubtedly be aiming at that goal. Now he has a picture called "White

high school, he still has a few years of film work left.

The lad now is cavorting with Lassie in "Sun In the Morning". His next film probably will be "The Secret Garden", to be made in England with Margaret O'Brien and Dean Stockwell. That's the picture which has been on the fire for a couple of years, and it MGM doesn't hurry, it will have to be made as an adult story. The kids are aging.

Fred Astaire happened to remark to Irving Berlin "I suppose now that you've had 'Alexander's' you'll undoubtedly be aiming at that goal. Now he has a picture called "White

whipped up one and Fred and Bing will star in it at Paramount next year.

Fred wrote Bing: "I suppose you will have another string of night clubs (as he did in Hollywood Inn) and 'Blue Skies' only this time there'll be snow on the ground."

Says David Niven "People in Hollywood worry too much and it doesn't help a bit. You're either going to work, or not work." He has reason not to work—Rank, Korda and Warners are all seeking

his services this summer. Korda is the apparent winner, after "Take Three Tensies". Niven sails to London for another "Scarlet Pimpernel". Clark Gable's European jaunt is in doubt. "Command Decision" is taking longer than he expected. And with all the Hollywood people planning summer trips abroad, Clark says "Europe will look like the Sunset Strip".

Effective fly control depends on good sanitation plus proper use of DDT sprays.

Sublette School to Hold Picnic Sunday

(Telegraph Special Service)
Sublette, May 21.—The Sublette public school will hold its annual picnic Sunday at Mendota lake, with dinner at 12:30 p. m.
In case of bad weather the event will shift to the Sublette Community building.
Florence Roemmick, who will be a bride in the near future was honored with a miscellaneous shower at the home of her parents, Mr. and Mrs. Henry Roemmick Thursday afternoon. About 50 relatives and friends were present. A delicious lunch was served.
The Sublette unit of the Lee County Home Bureau met Thursday afternoon at the home of Mrs. Will Ulch in Mendota. The meeting was called to order at 1:30 p. m. by the vice-chairman, Mrs. Paul Clouse. Visitors were Mrs. Katherine Griepentrog of Sublette, Mrs. Nettie Schendenhelm, Miss Elizabeth Schnuckel and Miss Leola Guether of Mendota. The major lesson on "Life Before and After 40" was given by Mrs. Irvin Rapp and Mrs. Clarence Billings. The meeting was then turned over to the unit chairman, Mrs. Ralph Long. Minutes of the previous meeting were read by Mrs. Frank Oester, pro tem secretary and approved. The treasurer's report by Mrs. Paul Clouse revealed a tidy sum in the treasury. The minor lesson, a continuation of "Trimming and Accessories," was given by Mrs. Reginald Rapp, who passed samples around for inspection. A delicious lunch was served by the hostess.

Cost of Living Passes Cost of Keeping Well
Chicago, May 21.—(AP)—The cost of living has outstripped the cost of keeping well, a medical research worker said today.
In a study published today, Dr. Frank G. Dickinson, director of medical economic research of the American Medical association, gave this report:
The U. S. Bureau of Labor Statistics, covering the cost of living in 34 cities, was 59 per cent higher in 1947 than in 1935-39.
The bureau's 1947 index for all medical care, including drugs, was only 32 per cent above the 1935-39 period. Excluding drugs, the increase was 35 per cent.

Holdup Man Scared; Arrested After Faint

Birmingham, Eng., May 21.—(AP)—Trembling, Miss Jane Underhill, 57, told a Birmingham court she sat petrified while a holdup man threatened her with a knife and ransacked her home.
"But," she told the court, "he suddenly turned to me and said: 'I am just as frightened as you are, really.'"
There was a thud in the dark. James Battle, 24, accused of the holdup, had fainted.

Barnyard hens of today lay eggs with shells of exactly the same structure as those laid by dinosaurs millions of years ago.

Judge Shaw Will Return to Bench

Freeport, May 21.—(Special)—Judge Elwyn Shaw, Cedarville, will preside over a session of District court in Freeport Monday. It was announced today, ending an absence of several months.
Judge Shaw was forced to vacate his seat on the bench for several months because of illness.
Among matters scheduled for hearing before him Monday are arguments on reorganization of the Dixon bus lines and the Sterling-Rock Falls bus company.
During his absence, Judge Walter J. LaBuy, Chicago has presided in federal court session in Freeport.

Haifa — (AP) — The Jewish population of Haifa, Palestine, quadrupled between 1931 and 1946.

Sluths Become Baby Sitters; Get Their Man

New York, May 21.—(AP)—Two detectives brought in their man last night—but only after they'd joined him in a three-hour baby-sitting task.
The officers, John Tracy and Edward Gillen, investigating the burglary of a candy store, nabbed their suspect in his Bronx home.
Kenneth Connors, 26, admitted the burglary, police said. But he told detectives he'd be unable to accompany them to the police station. His wife, he explained, had gone to the movies, leaving him to care for their infant daughter.
The officers shared the baby-sitting task. Three hours later, the wife returned and Connors was taken to the station house where he was booked on a burglary charge.

New York — (AP) — The thickness of red hot steel can now be measured while it is being processed without touching it mechanically through the use of X-rays.

Michigan State Student Convicted of Contempt

Lansing, Mich., May 21.—(AP)—James Zarichny, 24-year-old Michigan State college mathematics senior who refused to tell a state senate committee whether he was a Communist, stood convicted of contempt today.
His sentence was suspended immediately after the senate, in secret session, found him guilty by a 20 to 7 vote.
Zarichny's case was heard at the first public trial in the history of the Michigan legislature.

DID YOU KNOW THAT

ONE WINDOW WITHOUT WEATHER STRIPPING LETS IN 2600 CUBIC FEET OF AIR (INCLUDING DUST, DIRT AND SOOT) PER HOUR, DAY OR NIGHT.

WHY NOT LET AIRTITE WEATHERSTRIP YOUR HOME TODAY...

SIX REASONS FOR AN AIRTITE INSTALLATION

- 1 MAXIMUM EFFICIENCY Tests by the American Society of Heating and Ventilating Engineers in conjunction with the University of Wisconsin prove inter-locking weatherstripping to be the most efficient type of weatherstripping.
- 2 PERMANENT PROTECTION Unique feature of AIRTITE INTER-LOCKING WEATHERSTRIPPING allows adjustment to maintain maximum efficiency regardless of changing conditions.
- 3 YEAR ROUND INSTALLATION POSSIBLE. AIRTITE INTER-LOCKING WEATHERSTRIPPING is installed without removing the windows which allows installation without discomfort during the winter months.
- 4 NO SURGICAL OPERATION ON BUILDING. Elimination of need to remove windows during installation removes the possibility of damage to windows or interior painting.
- 5 WINDOW STICKING REDUCED. Window sticking is generally caused by exterior painting. AIRTITE INTER-LOCKING WEATHERSTRIPPING covers most of the working surfaces and eliminates sticking at these points.
- 6 MOISTURE CONTROL FOR STORM SASH. AIRTITE INTER-LOCKING WEATHERSTRIPPING reduces the amount of warm, humid air which ordinarily passes around the edges of the regular window and condenses on the interior surface of the storm sash. This moisture must be controlled to prevent window rot.

LEGAL PUBLICATION
The Board of Local Improvements of the City of Dixon, Illinois, will receive sealed bids on the construction of a Sanitary Sewer in parts of Monroe Avenue, Seventh Street, Eighth Street, Ninth Street and an easement in Block 82 until 8 o'clock p. m. on the 1st day of June, 1948, at the office of the City Clerk, Dixon, State of Illinois. All bids received will be publicly opened and read aloud in the Council Chamber at the City Hall at Dixon.

The successful bidder will be required to furnish a satisfactory performance bond in the amount of one-third of the contract price. The contract documents including plans and specifications, are on file at the office of the City Clerk of the City of Dixon, at Dixon and at the office of C. K. Willett, Consulting Engineers, 317 North Galena Avenue, Dixon, Illinois.

Copies of the documents may be obtained by depositing \$5.00 with C. K. Willett, Consulting Engineers, for each set of documents so obtained, said deposit not to be refunded.

Payment for this contract will be in vouchers or bonds to draw interest at the rate of five per cent (5%) per annum.

The Board of Local Improvements of the City of Dixon, reserves the right to reject any or all bids and to waive any informalities in bidding.

All proposals shall be accompanied by cash or a certified check payable to the president of the Board of Local Improvements in his official capacity, for an amount which shall not be less than ten (10) per centum of the aggregate of the proposal.

No bid may be withdrawn after the scheduled closing time for receipt of bids for at least thirty (30) days.

Two Fifth-Graders Make Solo Flight; Learn From Comics

Runaway Boys Amaze the Police With Their Story of Flight

Oklahoma City, May 21—(AP)—Two fifth graders who studied flying in comic books confessed to the state patrol last night they piloted a stolen plane almost to Texas.

"There is no doubt about it," the patrol said.

The plane was a two-place Ercoupe with simplified controls advertised as nearly fool-proof.

"They said it was easy," Trooper Arch Hamilton said. "They'd looked at some comic books that told all about it. They thought we were silly not to know how. They made a perfect landing."

Astonished at the 120-mile flight—an air distance—almost drowned out talk of a juvenile court hearing tomorrow morning.

"It's incredible... I am astounded. This is more than mere mischief," one of the fathers, Attorney Burney P. Bodard, said.

The grade-school aviators are Jimmy Bodard, 11, and Robert Ronald Peterson, 12. Both families are prominent here. Robert, the largest, weighs 85 pounds.

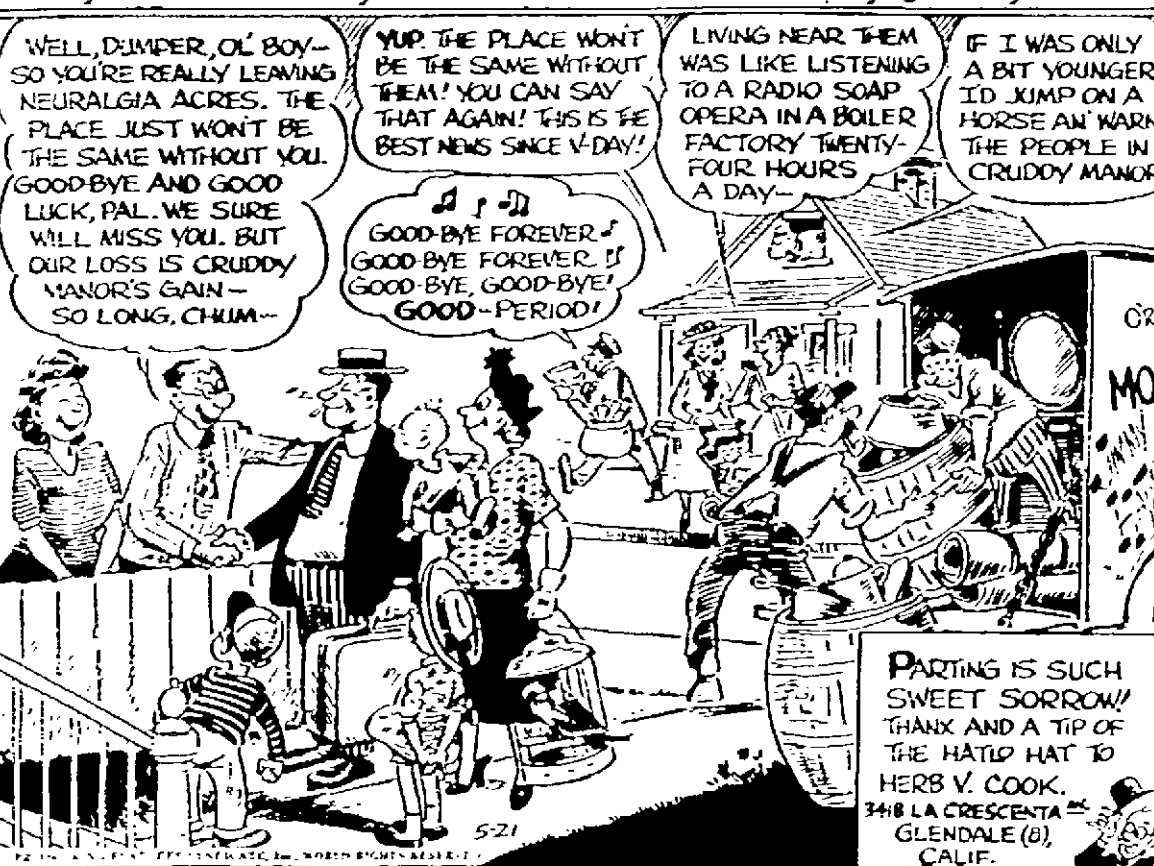

Jimmy and Robert played hooky from school Monday, and were reported missing the next day.

Tuesday night they were picked up in the little western Oklahoma town of Cheyenne, due west of here and 18 miles from the Texas Panhandle. They told a likely story of hitchhiking by road and Wednesday their folks brought them back home.

Yesterday the sheriff of Roger Mills county found the Ercoupe

They'll Do It Every Time

By Jimmy Hatlo

abandoned in a field eight miles northwest of Cheyenne.

Inspectors from the CAA traced the numbers to Ted Goller, former Ercoupe dealer at the downtown airport here. It hadn't been seriously missed.

"I knew it was gone but I thought Goller had it out," said Bob Fitzgerald, assistant airport manager.

Hamilton said the boys told him they took turns flying and "didn't have any trouble. They said it panned a little when they landed in a farm field. But when they tried to taxi they hit soft dirt and the undercarriage buckled."

Then they took the farmer's saddle horse and rode near town, turned the horse loose and walked on in. The sheriff got them."

Oregon's Rotary Club Celebrates 10th Anniversary

(Telegraph Special Service)

Oregon, May 21—The Oregon Rotary club observed its 10th anniversary Thursday night with a banquet at the Oregon Golf club, attended by members from several surrounding cities and their wives.

The following past presidents of the Oregon club were presented with the past presidents' pin: John F. Putnam, Gerald W. Fearer, Arnold Maxwell, Benjamin F. Shelly (deceased), Roland L. Kiest, Guy Bradbury, Burton E. Haas, Howard Eychaner and Harry B. Franklin. Robert L. Leach is president for the present year.

Bert Gibbs, district governor of Rotary, from Princeton, and Dr. Walter Palmer of Sterling, president of the Sterling club 10 years ago when it sponsored the Oregon club, were the main speakers and Gerald Poley of Stillman Valley acted as master of ceremonies.

Mrs. Rex Walters entertained her card club Tuesday evening.

Mr. and Mrs. Fred Deuth and daughter Janet Lea were Sunday dinner guests at the home of his sister and husband, Mr. and Mrs. Gerald Powers.

Saturday the students of the eighth grade will make a bus trip to Chicago to visit the field museum, National Broadcasting com-

pany and the Brookfield zoo. They will be accompanied by Miss Gladys Thomas, Miss Flora Blomquist and Robert Wolf.

Miss Vivian Holmes will be a dinner guest Friday evening at the home of Mr. and Mrs. Melvin Priller.

Mr. and Mrs. Clarence Conway attended funeral services for her aunt, Mrs. Leroy Jeter, at Yorkville Tuesday afternoon.

Mr. and Mrs. Raymond Barnes returned Saturday from Sauger, Calif., where they were called recently by the serious illness of his mother.

Mr. and Mrs. Gerald K. Garard and family spent Sunday afternoon in Mendota visiting at the home of his aunt and uncle, Mr. and Mrs. William Knauer.

The Catholic Daughters of America will have a rummage sale Saturday at the court house beginning at 9 a. m.

The last meeting of the Oregon Woman's club for the season will be a luncheon Saturday at 1 p. m. at the Oregon Golf club. A short business meeting will follow the luncheon after which there will be a dramatic program presented by Mrs. John O. Thomas and music by Mrs. F. L. Austin.

The second annual garden party will be held at Basswood, home of Mr. and Mrs. Arthur Bass, some time this summer.

Mine Roof Collapses; Six Miners Are Buried

Dante, Va., May 21—(AP)—

Grim and sweat-streaked rescue crews early today brought to the surface the last of six miners killed last night after a roof section collapsed in the Clinchfield Coal company's No. 2 mine.

Tons of coal, earth and debris buried the miners alive as they worked in the mine tunnel four miles underground. There was no explosion.

Mine Dispatcher J. M. Smith said the roof collapse simply "blew the coal out and over the men working near it."

The dead were listed by Smith as Eurus Artrid, Arnold Vickers, Harold Park, Oakley Cregar, Troy Phillips, and a miner named Ras-

nick. All were from the Dante region.

Dante is in Russell county, near the Dickinson county line, in southwest Virginia.

Tubtable Summer Fashions Arrive

On a stifling hot day, the lettuce-crisp look and feel of a freshly laundered summer dress is one of the most delightful sensations there is. Come the dog days, this is the effect the fastidious young woman strives for, and this season, more than ever before, designers have outdone themselves in creating clothes in all price ranges that take to the tub with the greatest of ease.

This season also, washable fabrics have reached a new high in loveliness of weave, texture and coloring; designs are deft—detail, succinct. All in all, there is no reason for anyone, whatever the size of her clothes budget, to fail to achieve that starched, pinafore prettiness—that well-scrubbed, little-girl appeal—only a fresh and fragrant wash dress can project.

...no unsightliness following garden dusting! A few strokes of the exclusive EndoPest dust gun envelops your plants in an almost-invisible protecting film... gives you control over most chewing insects, sucking insects and fungus diseases! Use with confidence on edible fruits and vegetables. We have refill cartridges for the guns.

FLOWERS FROM OTHER LANDS
Do you realize that many of our flowers are from other lands? The zinnia and poinsettia both came from Mexico. Another bright-colored flower—the nasturtium—hails from South America, chiefly Peru and Chile. The earliest chrysanthemums grew in the mountains of northern China. The carnation began life as a common pink in southern Europe, which is also the native home of the peony. The regal lily was found high in the mountains of wild Tibet. About 85 per cent of the orchids we know came from tropical regions. In fact, there's an interesting story connected with almost every flower.

CARE OF FLOWERS
How to make flowers last the longest is a valuable thing to learn this week. When you receive cut flowers from the florist, be careful not to bruise their petals or leaves in taking them from the box. Next, cut off the tips of the stems diagonally and plunge them into cool water up to their necks. Roses which have wilted from excess heat or lack of water often may be revived by plunging their stems into boiling water for two or three seconds, and then place them in cool water. Corsages should be kept in the refrigerator when not being worn. Because flowers are so beautiful and such a joy, let's treat them as the living things they are.

ORCHIDS TO YOU
When you see a lovely orchid, you may not realize the many dangers connected with the history of orchids. Early orchid hunters had to brave jungles and climb steep mountains, beset with wild savages and crocodiles. The early orchids were found in such places as Panama, Central America, Tibet and India. Although wild orchids are found in every country of the world, they grow mostly in tropical forests. It takes five to eight years to bring the average orchid seedling to blossom. Is it any wonder it's such a thrill to wear an orchid?

The Telegraph Records Graduates, and an Honored Young Painter

In a recent Lincoln school general assembly George Springer (second from right above), seventh grade student, was honored for his third place winner in a state art contest sponsored by the Illinois Federation of Women's Clubs. His winning watercolor picture, "The Chicago Fire", is displayed here together with another painting by an Illinois artist Anthony Buchta—the latter painting being presented to the school. Others in the photo are Mrs. Wilbur Fulfs, Dixon Women's club president; Miss Esther Barton, Lincoln school principal; Fred Padgett, seventh grade teacher; and Mrs. Ray Polhill, Milledgeville, district art chairman of Illinois Women's club.

The students of the Carey School of Lee County near Rochelle visited The Telegraph recently and after touring all the departments stopped here to watch the mailing machine operated by Miss Margaret Wolf. The group included George Carroll, Nedra Casey, Delores Carroll, Margaret Kay Hickey, Forrest Casey, Edward Hickey, Ronald Carroll, Karen Sue Phillips, and Mary E. Menz, teacher.

The Steward rural schools recently graduated Gerald Brown, Janet Swope, Charles Thorsen, Lillian Herrmann, George Carroll, Lois Jordal, and Vernon Johnson.

The Telegraph had Ogle county visitors recently when the students of Gradatum rural school were taken on a guided tour of the newspaper plant. The group included, Theresa Long, Evelyn Shrader, Joan Cox, Donald Shrader, Billy Sweet, Donald Long, David Cox, Donna Cox, Barbara Sweet, LaVerne Yingling, Mrs. Garrison, teacher, Richard Lone, Ruby Cox and Pauline Sweet.

Caps and Gowns—it's the graduating class of the Ohio high school whose exercises recently completed pre-college education for, 1st row: Joan Donnelly, Winifred Spooner, Ruth Anderson, Helen Brown, and Caryl Ioder. Second row: Robert Powers, William Anderson, Hugh Johnson, and Robert Anderson. Third row: John Fahs, Kay Gorman, and Louis Spohn. Absent when picture was taken, were: Felix Johnson, David Hallman, Robert Kerr, and Francis Minkler.

Flowers in Your Hair Add Beauty, Fashionable Air

Add Dash, Glamor and Beauty for Every Occasion

Do you know how versatile you can be by wearing fresh flowers in your hair? With the many different types of flowers and styles of wearing them, you can be a chameleon. Use your feminine wiles in wearing fresh flowers in your hair for extra dash, glamor and beauty. For there's a flower fashion for every dress and every

occasion . . . whether it's A. M. or P. M.

Most important of all, flowers are more flattering and enchanting than any ordinary hat could be. Furthermore, they rest peacefully in your hair whereas taking off a hat means combing a slightly mussed coiffure. And if you're going to a formal dance, your flowers will stay fresh and prettier in your hair than at your shoulder or waistline.

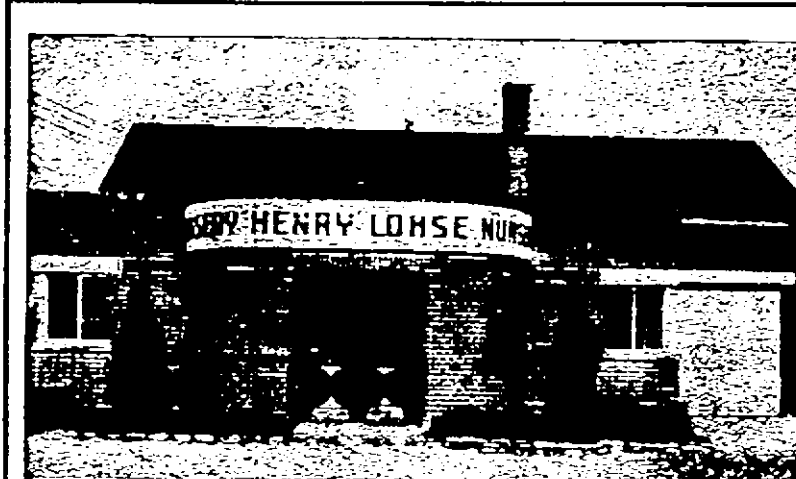

A fresh flower hat is easy to create . . . the ingredients are a few fresh flowers, a basic hat shape, a needle and thread, a spool of thin wire, a dash of ingenuity . . . and the result is your masterpiece of millinery magic. A hit of green or pastel veiling completes the picture. Or fresh flowers make a nice adornment

for almost any occasion. Just visualize a couple of garden of fragile blossoms wide-brimmed hat. Just as cosmetics facial defects, so flowers an aid to be stance, if your Jimmy Durante flower will help from your focal lips are your flower matching y also directs attention specially when wear hair at the side of unattractive profiled by flowers. Your eyes, too, are by flowers; the h your hair may be. In wearing flower a long face, try side or back of give breadth to y a round face, per of your head.

The flowers in y contrast or harm color of costume. "dress-up" a plain ored suit; or add to a trilly dress.

You may express sonality or mood ers . . . or acqui Whatever you w flowers help you want to be as saucy as a daisy, a tiger lily. Each personality of its from modesty and gaiety and trivoli and sophistication. ally choose delicate tel shades; and more exotic types hues.

Grandpa's Daily Bread

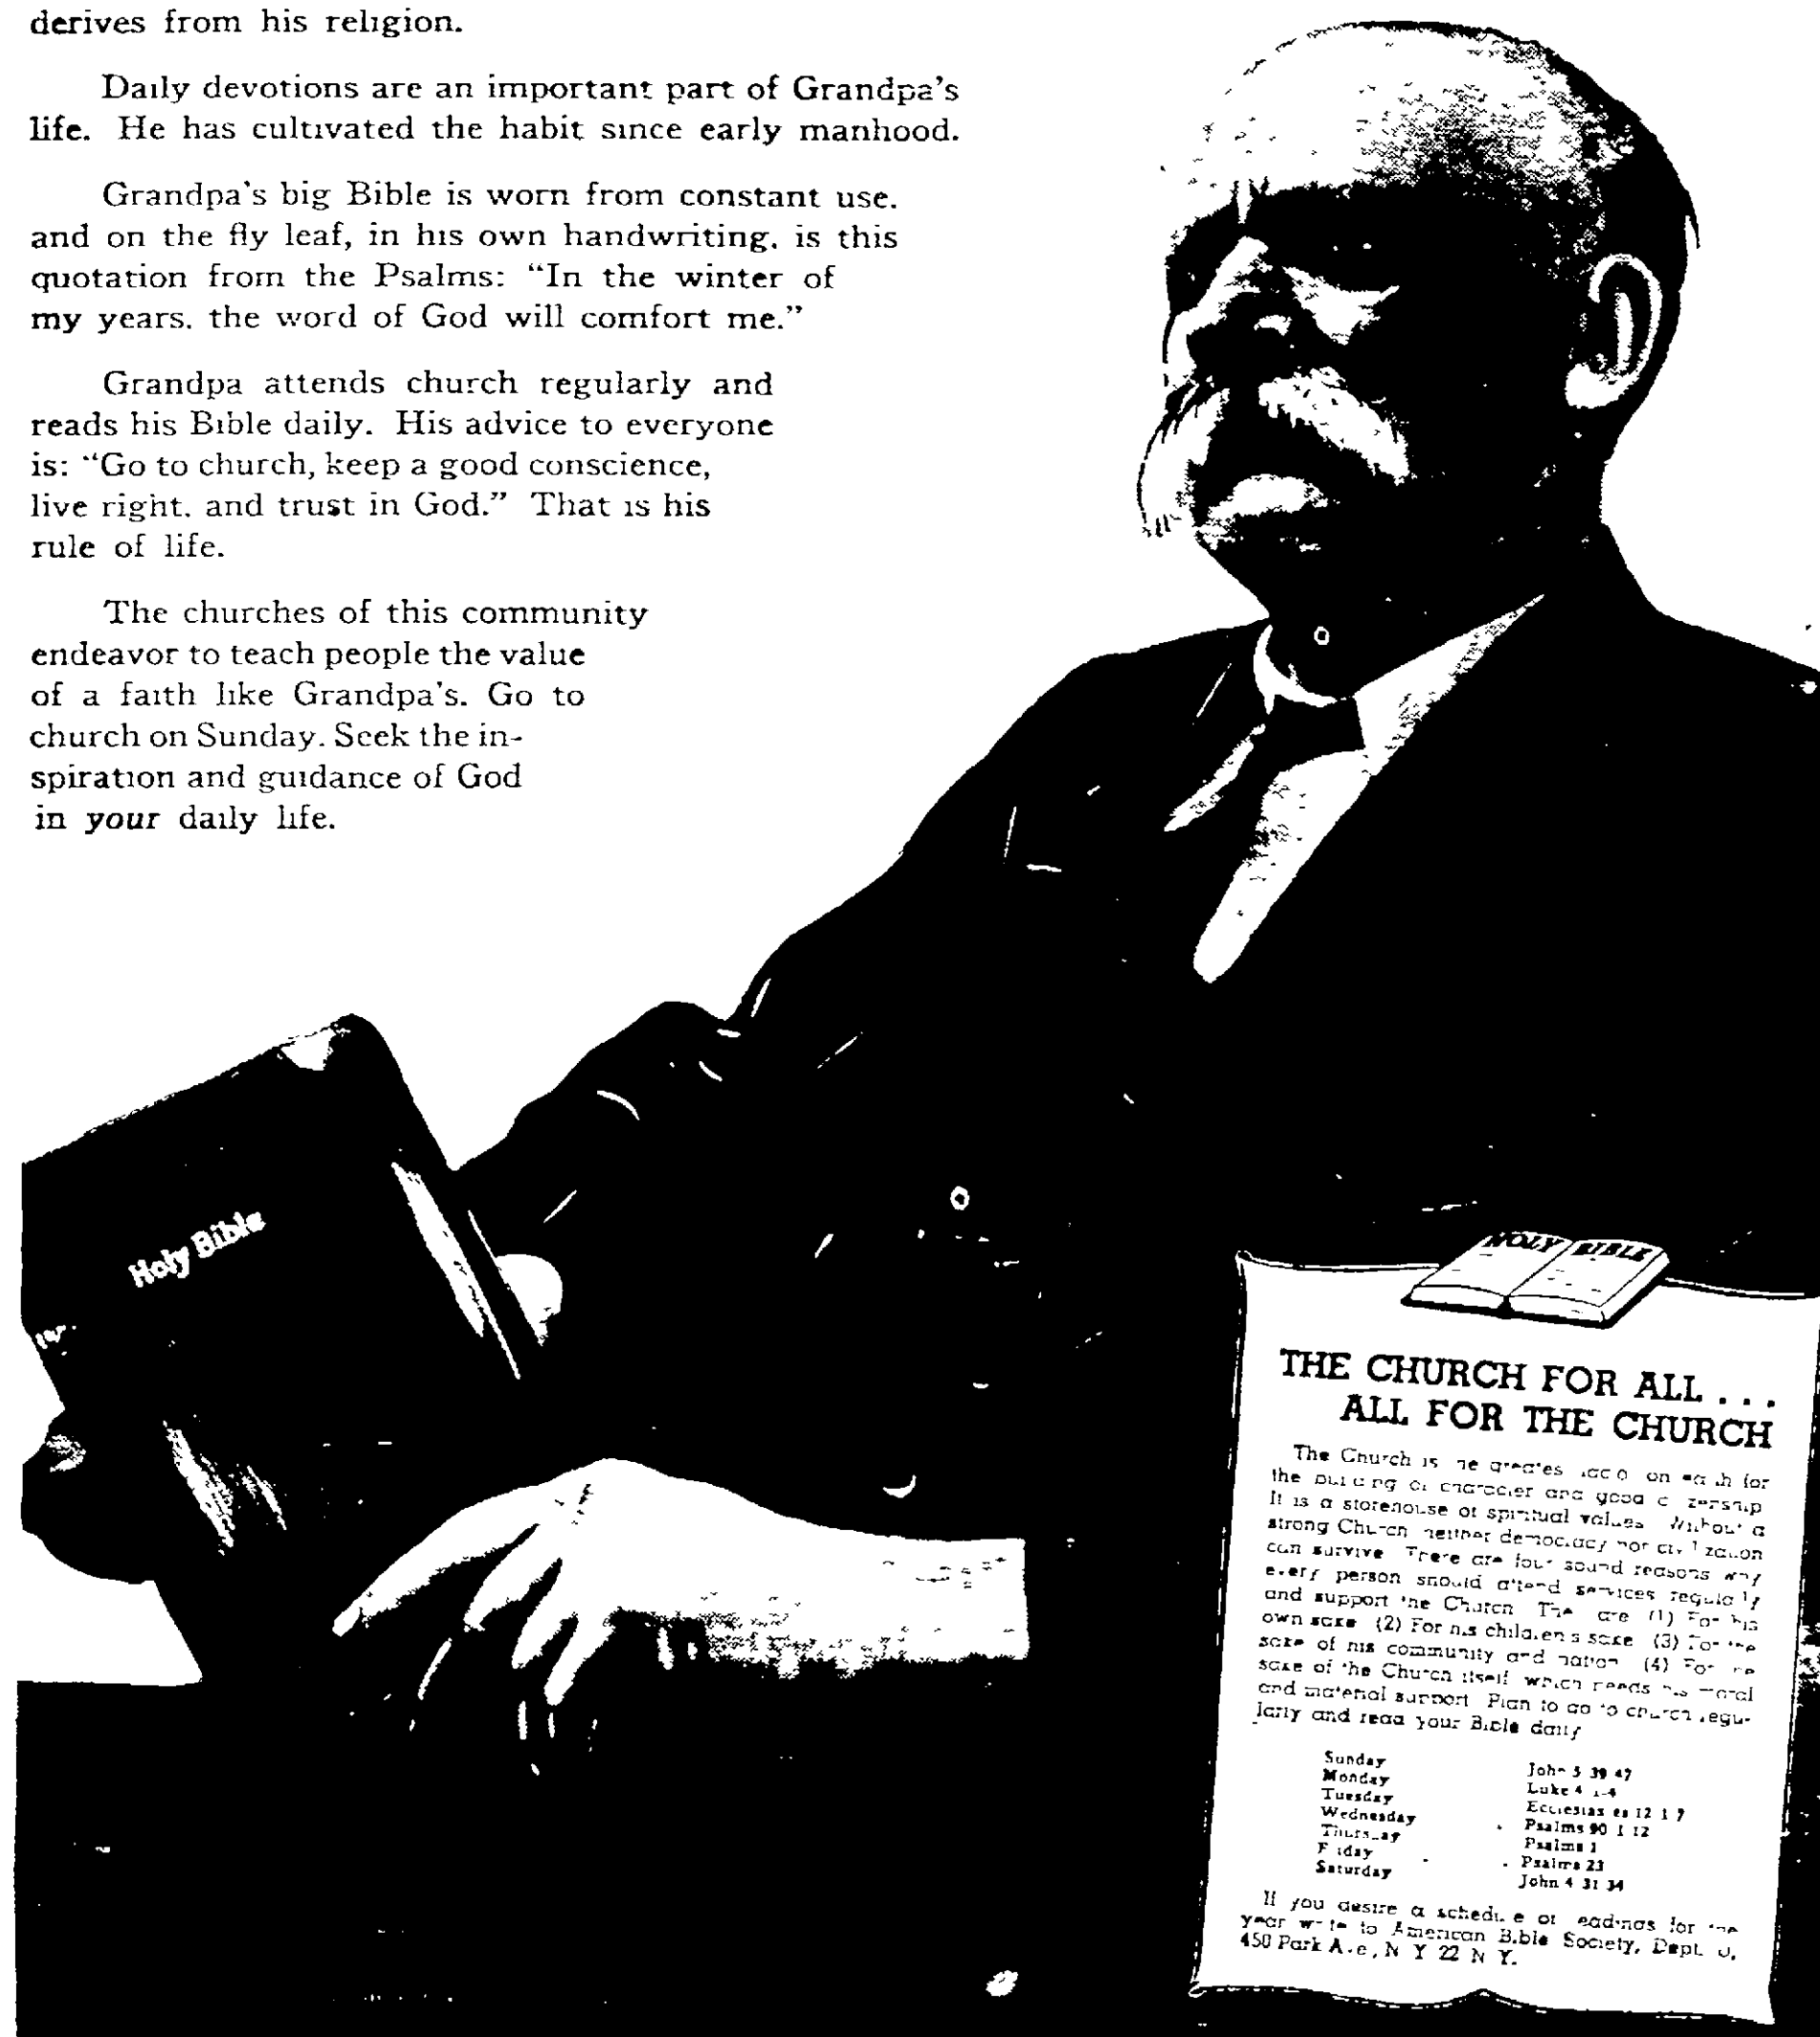

Daily bread for Grandpa means something more than the food he eats. It means the hours he spends reading the Scriptures and imbibing the inspiration and comfort which he derives from his religion.

Daily devotions are an important part of Grandpa's life. He has cultivated the habit since early manhood.

Grandpa's big Bible is worn from constant use, and on the fly leaf, in his own handwriting, is this quotation from the Psalms: "In the winter of my years, the word of God will comfort me."

Grandpa attends church regularly and reads his Bible daily. His advice to everyone is: "Go to church, keep a good conscience, live right, and trust in God." That is his rule of life.

The churches of this community endeavor to teach people the value of a faith like Grandpa's. Go to church on Sunday. Seek the inspiration and guidance of God in *your* daily life.

SOCIETY NEWS

Better Homes Show Is 'Ladies' Dreams Brought to Life

Many a homemaker felt that her dreams had come to life when she stepped into the Better Homes Show at the Armory yesterday afternoon or evening. The doors opened to the show yesterday afternoon and will close Saturday evening.

Brightness and freshness are added to the show by the display of fresh vegetables and fruits in an iced cooler. Little did the housewife think that those common old foods she pre-

pared everyday could be made into such an attractive display.

For the prettier side of the home can be seen a very decorative booth with a fireplace and varied objects of blown glass, also copper nicknacks and flowers can do to improve the looks of a living room. Drapes and curtains of the finest material and style are on display to the many spectators who are expected to visit the big show.

Kitchen Aides

Who said working in the kitchen couldn't be fun? After seeing the above mentioned show Mrs. America will have a much better slant on her time spent in the kitchen. Hours could be

spent in examining and trying the numerous gadgets for the kitchen on display. Washing and ironing are not the chores today that they were in years gone by. The new washing machines and ironers are things of beauty for the home as well as time savers.

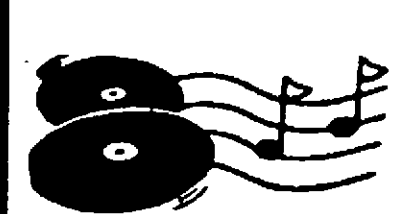

After viewing all the aforementioned kitchen aides there is one that is not to be forgotten, this being the clever new way of disposing of garbage.

See the Show

Much more time could be spent in telling of all the attractive and helpful displays at the Better Homes Show but why not take a trip through this dreamland yourself?

Added Entertainment

Myrtle Bishop at the Solovox-equipped piano provides afternoon entertainment for the visitors and entertainment is also provided for those who see the show in the evening.

Donna Hutten and Groom Now Living in Iowa City

On Sunday, May 9, at four o'clock, Miss Donna Hutten, younger daughter of Mr. and Mrs. Paul R. Hutten, of this city, became the bride of George R. Murhead, son of Mrs. James Murhead of Traer, Iowa, in a candlelight service at the First Presbyterian church. The vows of the double ring ceremony were heard by the Reverend B. B. Cartwright before an altar of palms and large bouquets of white stock. A seven branch candelabra was placed on either side of the altar.

As the guests were being seated by John Kersten of Ashton and Eugene Stafield of DeKalb, Miss Alice Thomason presided at the organ and accompanied Mrs. Eugene Stafield, formerly Betty Orr of Dixon, who sang "Because" and "O Promise Me". At the close of the service Mrs. Stafield sang "The Lord's Prayer".

The bride, who was given in marriage by her father, was gown in white slipper satin made with 100% length bouce with a scalloped neckline and yoke of Chantilly lace. The tight fitting sleeves extended into points at the wrist and were trimmed with rows of tiny satin buttons. The full skirt, which lengthened into a long train, was gathered onto the scalloped bodice and finished with satin cording. Her long veil of French illusion was held in place by a band of pearl orange blossoms. She carried a bouquet of white roses and lily of the valley fastened to a lace tailed, white satin heart.

Donna was attended by Miss Dorothy Kearby of New York, a former classmate at Coe college; as maid of honor and Miss Betty Rose Martin of Dixon as bridesmaid. The girls were dressed in similar gowns of taffeta made with tight bodice, scalloped necklines and full skirts extending from hip-length short yokes. Self cording held the skirts out in hoop-fashion. Miss Kearby wore lettuce green and wore a halo of pink carnations and Miss Martin was gown in altar of roses, wearing a halo of green carnations. Both carried colonial bouquets to match their helos.

Charles Laxson of Ann Arbor, Michigan served as best man. "Chuck" is a graduate student at the University of Michigan and a former classmate of George's.

Mrs. Hutten wore a two piece dress of dove-grey with grey and shell pink accessories, and a corsage of pink carnations. The groom's mother was dressed in light aqua with brown accessories and wore a gardenia corsage.

Reception

A reception was held later in the church parlors. Refreshments were served from a table attractively

May Bride

Miss Donna Hutten became Mrs. George R. Murhead in a pretty May wedding. The newlyweds are residing in Iowa City.

arranged with spring flowers and white tapers, and presided over by two of the brides aunts, Mrs. Wilbur Stutzel of Maywood, who poured, and Mrs. Robert Preston, serving the wedding cake. They were assisted by Mrs. Ada Huyett and Miss Sarah Hasselburg.

The bride, who has always resided in Dixon, was graduated from Dixon high school and attended Coe College for three years. She also attended the University of Iowa for a short time. She is a charter member of the Order of Job's Daughters, having served as Honored Queen of that organization.

Mr. Murhead was graduated from Traer high school and received a B.A. degree from Coe in 1945 and a M.A. from the State university of Iowa in 1947. He is a member of Lambda Chi Alpha, national social fraternity; Pi Delta Epsilon, national honorary journalism fraternity; Phi Kappa Phi, national honorary scholastic fraternity; and Pi Gamma Mu, national honorary social science fraternity. He spent the 1947-48 academic year in Paris, France doing research for a doctorate in European history. He will be an instructor in European History at the University of Iowa this fall.

When the couple left for their new home in Iowa City, Ia., Mrs. Murhead was wearing a navy suit made with a short plumed jacket and flared skirt. With it she wore navy accessories and hat.

Service Club Follies Proves Big Success

Offering a little bit of everything in entertainment, the Service Club's Follies of 1948 pleased a near-capacity audience in Dixon high school auditorium last night.

Rolling along smoothly, the 2½ hour show drew a generous measure of laughter and applause, with the zany doings reaching a peak in a ballet featuring George Nichols and Raymond Gale (as D.A. and criminal suspect, respectively) and five flower-loving cops.

There was a wealth of music, too. Among vocalists were Miss Mary Rosencrans and Gene Harvey, Mr. and Mrs. John Feltes, the Ralston Sisters, Miss Marilyn Copper, James Patterson, Milton Kunz, Miss Dolores French, and Harold Green.

Beauty was seen in the costumes worn in all acts. Speaking of acts one of the many clever skits of the show was done between skits by Fern Bush and Darleen Lambert. These two Dixon ladies kept the crowd in laughter by their amusing dialogue.

Lucille Brucker Wed in Mendota

St. John's Lutheran church in Mendota was the scene of a very lovely wedding recently when the lives of Miss Lucille Florence Brucker, daughter of Mr. and Mrs. Gilbert Brucker of 1010 Wisconsin avenue, Mendota, and William J. Florscheutz, son of Mrs. Lena Florscheutz, 1103 First avenue, Mendota, were united in marriage. The Rev. G. H. Doermann, pastor, officiated at the double ring ceremony. The altar was banked with baskets of spring flowers.

Mrs. Bruce Dunlop presided at the organ and played appropriate nuptial music preceding the ceremony. She also accompanied Mrs. Wayne Halboth as she sang "The Lord's Prayer."

Mrs. Paul Spangler, cousin of the bride, was matron of honor and Howard Brucker was best man. Ushers were Dale Fischer and Duane Florscheutz.

The bride, given in marriage by her father, was lovely in a gown of white satin fashioned with a fitted lace bodice with high round neckline, long tight sleeves tapering to points over the wrists and a full skirt ending in a long train. Her fingertip veil misted from a tiara of orange blossoms. She wore a rhinestone necklace, a gift of the groom, and carried a colonial bouquet of white carnations.

Mrs. Spangler was attired in a lime green taffeta dress with tulle.

War II Mothers Had Evening Meet

Mothers of World War II held their regular meeting in GAR hall Wednesday. Several mothers from Oregon were present. Obligations were taken by six members.

A report was given on the district meeting at Albany on May 18. It was voted to make a donation to the youth center. Mrs. Viola Strub and Mrs. Pearl Blackburn will be the delegates to the national convention on June 7, 8, 9 and 10.

A short program was given after which delicious refreshments were served. The group will meet next on June 2 with sewing in the morning and a regular meeting in the afternoon.

PRAYER SERVICE

The spiritual life department of the WCTU will sponsor a prayer service and Bible study on Thursday afternoon, May 27, at 2 o'clock at the home of Mrs. Ghem, 905 Second street. Mrs. Harry Lester will lead in the Bible study.

All planning to attend are asked to bring Bibles. The service is open to the public.

Spiritual Considerations

THE IDEAL funeral service constitutes a memorial by the living in honor of the dearly beloved deceased. All of our efforts—the results of skill experience and painstaking care—are devoted toward this goal. The Memory Picture thus created brings everlasting consolation to family and friends. This principle prevails regardless of what price service the family selects.

STAPLES

Krahler Pupils Present Recital

A part of the music class taught by Mrs. R. F. Krahler presented a very pleasing recital at the Loveland Community House last evening, to a large and appreciative audience of relatives and friends.

There were piano, saxophone and trumpet solos and duets.

Those taking part were: Betty Black, Billy Badie, Beverly Foster, David Howard, Roger Bucka'oo, Leota Origiesen, Barbara Klein, Kenneth Bollman, Emma Herdrichs, Tommy Traugott, Beverly Drew, Donna McPherson, Elenore Schick, Billy Gerdes, Gavin Beauman, Judy Randall, Dolores Sanford, Lila Graehling, David Hopkins, Lisbeth Jones, Carol Klug, James Quinn, Diane Long, Dolores Horton, Bob Russell, Charles Taylor, Patricia Schofield, Donna Schermerhorn, Jean Hoy, and George Holley.

SHAWGER CLASS

The Shawger Sunday school class will hold its monthly meeting at the home of Mrs. Emerson Rorer, 204 Everett on Tuesday evening.

The meeting will start promptly at 8 o'clock. Mrs. Blair Ritterspach will review "The Bishop's Mantels." Mrs. Fred Lawton will be nestess chairman for the evening.

DINNER GUEST

Mr. and Mrs. George Hooper entertained Miss Beverly Strauss at dinner last evening.

(Additional Society on Page 6)

SOCIETY NEWS

Lucille Brucker —

(Continued From Page 5)

ted bodice, sweetheart neckline, short puffed sleeves and long full skirt. She wore a flower trimmed blusher veil of matching lime green net. Her colonial bouquet was made up of yellow carnations.

Mrs. Brucker, the bride's mother, chose for her daughter's wedding an aqua print two-piece dress with black and white accessories. Her corsage was of white carnations. Mrs. Florscheutz, mother of the groom, was attired in a navy blue dress with white accessories. Her corsage was also of white carnations.

Following the ceremony, a reception was held for 125 guests in the Parish House. Appointments on the table were carried out in the bride's chosen colors of green and yellow. Bouquets of spring flowers, and lighted yellow tapers adorned the table which was centered with a five-tiered wedding cake topped with miniature bride and groom. Miss Helen Jane Coleman, friend of the bride, and Mrs. Waldemar Radtke, sister of the groom, presided at the silver service. Mrs. Pearl Ellsworth, of Ambury, a friend of the bride, cut the cake and Mrs. Albert Miller and Mrs. Donald Baker were the waitresses. Mrs. Dunlop was in charge of the guest book, and Doris Brucker, cousin of the bride, and Muriel Ventler, friend of the bride.

a train to Arizona, they spent a pleasant afternoon eating, seeing shows and shopping. Of the \$1,500 they spent, part went for their train tickets and entertainment and the remainder for what they considered the only proper garments to wear in the west.

These consisted of fancy shirts, tall hats, cowboy boots and wide belts ablaze with rhinestones.

Meanwhile, police had been busy. A complaint telling of the boys' disappearance and the missing money was received here. A check with the telephone company showed that several of the lads had phoned girls in Lakewood, O., from Chicago.

Spotted at Station
Detectives Kenny and Joseph Newman began a check of railroad stations. At the LaSalle street depot, they spotted five boys similar in age to the lads sought. But the boys' clothing bore no resemblance to the drab apparel described as having been worn by the runaways.

As an experiment, Detective Kenny said in a loud voice: "I wonder how things are in

Lakewood." The boys blushed, looked embarrassed and tried to appear unconcerned. A few minutes later, however, they admitted their identities and were on their way to the police station.

Britain Attempts to Maintain Positions in the Middle East

Differs on Israel Status Because of Her Arab Support in Far East

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The sharp differences between the two major democracies—Britain and America—over the Arab Jewish issue are bringing many anxious queries to this column.

Why should we find the United States recognizing the new Jewish state of Israel, while England withholds recognition as Arab troops (some of which are British trained and supported) move into the Holy Land for the attack. Why, in short, should the two powers appear to be taking opposite sides in the conflict.

Well, we are treading on delicate ground here. However, I think we are safe in saying that London and Washington aren't really working towards different ends. They just have got their wires crossed in a most disconcerting manner, which is causing much heartburning in both capitals.

Britain's main objective, as I see it, is to safeguard her interests in the Middle East. These

include control of the strategic areas necessary for maintenance of her lifeline through the Mediterranean and the Suez canal to the Far East. Many of these strategic bases are Arab. England also is vitally interested in the Middle East petroleum fields—as is Uncle Sam, and in a big way.

It may surprise many people to find Britain thus apparently putting heavy emphasis on her Mediterranean defenses once more. It's only a little more than a year ago that she announced withdrawal of her military administrative and supply bases from the eastern Mediterranean to Kenya colony on the east coast of Africa. It was said that her reasons for this sensational change included the instability of her political and military status in Egypt and Palestine.

London said this program envisaged retention of Britain's forward operational bases "as long as practicable" in such countries as the Sudan, Palestine, Egypt, Transjordan and Iraq. However, the world got the impression that British military experts felt the position was such that they would not be able to defend the Mediterranean lifeline in another great war.

That was a year ago. Since then the situation has changed vastly—due to Communist aggression. Moscow not only has virtually annexed eastern Europe but is trying to make true Russia's age-old dream of breaking through

into the Middle East and becoming a Mediterranean power. Thus this area has again become one of the world's worst danger spots.

So we see Britain maneuvering to maintain her position in the Arab countries, or so it seems from here. She proposes to defend the Mediterranean if the need arises.

But meantime the Holy Land is torn by bloody strife. What of that? Some observers familiar with the Middle East believe that sooner or later the Arabs and the Jews will make a deal for a division of Palestine, and end the war. King Abdullah of Transjordan, commander in chief of all the Arab forces, is ambitious for expansion and might well be interested in bargaining.

If some compromise is achieved it may not come until after a considerable period of warfare. How that will go is anybody's guess at this writing. The warring forces which haven't yet come to full grips, and there is nothing by which to gauge the trend.

WOULD MAKE DIFFERENCE. Average temperature over the earth's surface would be about 18 degrees Fahrenheit, instead of the observed 60 degrees, if there were no atmosphere.

It is said that one-third of all automobiles on streets and highways at any given time have something wrong with their brakes.

If Jesse James Is Alive, Where Is Elmer, Hal Asks

One of Many Mysteries Left Unsolved by Congress, He Says

By HAL BOYLE
New York—(AP)—What kind of a figure did the face on the barroom floor have?

Who really put Pussy in the well? Who moved down Clark Robin and why? Where's Elmer?

These are celebrated mysteries still left unsolved by the reported discovery of Jesse James alive, and well in Oklahoma at the age of 100—and drawing more interest than he ever got from a bank. It is a dull year indeed when somebody doesn't revive the famous Missouri outlaw, and it is only recently that doubles for John Wilkes Booth, the man who shot

Lincoln, quit reappearing. Booth would be 110 years old now.

The time is ripe for congress to set up a permanent commission to investigate all the popular puzzles that rise again and again to worry a peaceful people.

Let's get rid of these uncertainties. Where is Elmer indeed? Did the face on the barroom floor have piano legs? Why do we have to go on wondering what became of Sally? Who really did pay the rent for Mrs. Rip Van Winkle while her husband was grabbing his long shut-eye? Let's don't just just about why the chicken crossed the road. Let's find out.

There are enough of these unsolved, vexing riddles to keep a congressional investigating committee busy forever. An ideal counsel for the committee would be Jim Moran, the first man in history to sit on an ostrich egg and hatch it, single-handedly by the warmth of his own personality. Moran boasts he also is the first man to sell an icebox to an Eskimo and find a needle in a haystack. Let's put him in charge of the

committee's "lost and found" department and send him off in Rudyard Kipling's phantom rickshaw to get the real lowdown on what happened to Charlie Ross, the kidnaped Philadelphia boy. He could also take sidetrips, expenses paid, looking for Ambrose Bierce, Justice Joseph Force Crater, Adolf Hitler, and the cigar store Indian. That still leaves plenty of problems for the committee members themselves.

Why has the fiend who put the overalls in Mrs. Murphy's chowder never been brought to justice? His capture might swing the Irish vote in an election year.

Can't congress find out after all these years who broke the lock on the penhouse door? What about the lost Atlantis, the Lost Chord and the Last Weekend? Can the FBI say for certain they were not stolen? Can't it do anything about getting them back?

All these questions congress has avoided for years. But I can save the committee the trouble of exploring one moosey problem—what happened to vaudeville. Take a look at your television

set. There's vaudeville. Maybe Elmer will show up on the screen next.

Identify Amnesia Victim in Decatur After Week

Decatur, Ill., May 21—(AP)—A youth treated in Macon county hospital here for the past week as an amnesia victim was identified yesterday as Robert J. Dailey, 20, of Logansport, Ind.

The FBI in Washington said fingerprint records showed the youth had served in the army. He was found in a highway cafe near here.

Sheriff A. C. Ammann said the youth appeared to show no familiarity either with his name or place of birth.

Lewis Dailey, a brother, was enroute here from Logansport to take the patient home. Ammann said Lewis told him that Robert left Logansport to look for a job at South Bend, Ind., only a short time before he was found here.

Alaska has a population about one-half that of Omaha, Neb.

Blind Negro 'Tops' as Washer of Cars

Cleveland, May 21—(AP)—People come from miles around to watch Forrest Hill, 30-year-old blind Negro, perform his work as a car washer.

Harry Johnson, his boss at a gasoline station at Washington Boulevard and Lee Rd., says Hill is "tops" as a washer.

"His speed is just average, but the result is perfect," Johnson declared. He never misses a spot. When he has finished a job on a car it is really done. He is so good that a lot of people wait around until he can get to their cars."

Hill lost his sight two years ago when the optic nerves in both eyes were severed in an automobile accident.

He tries to make up for his lack of sight by his sensitive fingers. He goes over each car twice with a hose and his fingers tell him if he has missed a spot.

Potatoes are natives of Peru and the Peruvian Indians called them "papas."

Politics

Roundup of Developments in Nation Political Picture by AP

Washington, May 21—(AP)—Oregon voters may flash a "slow" signal today on the presidential hopes of either Harold E. Stassen or Gov. Thomas E. Dewey.

While the two major contenders for the Republican nomination are battling it out on the Pacific coast, a third, Senator Robert A. Taft, will be attacking New Jersey territory, where Dewey and Stassen have been claiming support.

It is Taft Day at Princeton, where Stassen visited last month. Dewey also has been invited to drop in for a chat with the New Jersey delegation before the Philadelphia convention opens just one month away.

The outcome of Oregon's primary vote today was generally regarded here as likely to be heavily damaging politically to the loser. The winner gets the support of the state's 12 delegates.

Oregon Democrats participating in today's primary there are expected to name 15 delegates ready to support President Truman for the nomination.

Nevada Democrats will choose 10 and Utah 11 in conventions tomorrow.

Democratic leaders were pleased with the selection at Philadelphia yesterday of Senator Barkley of Kentucky as national convention honoree and Sen. Rayburn of Texas as permanent chairman. Both are highly regarded by col-

leagues north and south, and could go a long way toward solving party differences.

Meanwhile Truman checked up today on party reaction to another of his speeches with his wife. It heralded pre-convention swing across the country less than two weeks away.

He told a schoolboy audience in Philadelphia yesterday that the public schools are "disgraceful."

He deplored what he called the "national plight of the nation's prevalence of overcrowded schools, with underpaid teachers."

The talk drew students of Girard college for "fatherless boys" was labelled by the White House as strictly non-political.

The president starts his Chicago-to-Los Angeles speaking tour when the special train leaves Washington June 3.

Alabama Republicans named a 14-man delegation yesterday. 12 of them unrestricted. Two were instructed for Dewey. Of the unrestricted ones has announced for Dewey and one for Taft.

Maine and Pennsylvania picked an unrestricted delegation of 16. Four said privately they backed Dewey but made no pledge.

Boys Pay Respects to Friend, Father Flanagan

Boys Town, Neb., May 21—(AP)—Youth of all races and creeds paid last respects today to their great friend and benefactor—the Rt. Rev. Msgr. Edward J. Flanagan, founder and director of world-famous Boys Town.

Dowd Memorial chapel on the grounds of the home for homeless and neglected boys was prepared to receive the body after two solemn masses of requiem said by priests of the Omaha archdiocese.

The body of Father Flanagan, who once said "I have yet to find a single boy who wants to be bad," will rest in a sarcophagus in the northeast corner of the chapel.

The body was brought home from Berlin, where Father Flanagan died May 15 of a heart seizure.

TB Victim Wins High Moline Graduating Rank

Moline, Ill., May 21—(AP)—Beverly Taylor believes her recovery from tuberculosis moved into higher gear yesterday.

The patient at the Rock Island county tuberculosis sanitarium was told by news reporters that she has won co-valedictorian honors of the Moline high school's June graduating class, although she has been out of school for a year and a half.

A private tutor has had Beverly in charge at the sanitarium. She said the school's honors would speed her recovery and that she hopes to enter college next fall. She is the daughter of Mr. and Mrs. Floyd Taylor of Moline. Taylor is a policeman.

Society Devoted to Photography May Be Formed Here

An interesting meeting of all Dioxonians men and women who are interested in forming an organization the purpose of which will be to improve movies and slides taken by local photographers and movie fans will be held at the Loveless Community House Monday evening at 7:45. Fred Shute, president of the Rockford Movie Makers Club and several of the members will be present to furnish the program.

The visitors will present films which were prize winners at a recent spring show plus several of the club's production films. President Shute will show his feature film "As Ye Sow So Shall Ye Reap" and Paul Dahlman will show a film titled "County Fair."

Club production films to be shown will include "Sonny's Triumph," and "New Glarus, Wis." A short business session will precede the program at which time an open discussion will be held to determine the advisability of formulating an organization in Dixon for the purpose of improving both movies and slides. Another meeting will be arranged the time and place to be determined, when future plans will be determined.

ELECT OFFICERS
Decatur Ill. May 21—(AP)—The Illinois Probation Officers Association yesterday elected Mrs. Jesse Langford of Peoria as president. Other officers elected are Mrs. Colbie Floberg, Rockford, vice president; Mrs. Isabelle Durstock, Elgin, secretary; and Bern Brown, Alton, treasurer.

Contrary to common opinion, food flavors are much more a matter of smell than of taste.

NorthWestern Is Doing All It Can for Suburbanites

Springfield, Ill. May 21—(AP)—The Chicago & Northwestern railroad commission last night it has employed every available passenger train to meet a commuter traffic "emergency."

L. L. White, vice-president in charge of the railroad's operations, made the statement in reply to a query from John Biggs, commission chairman.

Biggs told the railroad the commission had received "numerous complaints" that the line's commuter trains are "badly overcrowded" and that "passengers are greatly inconvenienced."

In his reply White said "To meet the emergency created by the North Shore strike every available passenger train has been pressed into suburban service and

many additional stops have been added to existing trains.

"Records indicate that for the first three days this week, the average on-time performance of 32 inbound suburban trains was 83 percent. A similar number of outbound trains averaged 80 percent on time."

"Records further indicate that none of the shoreline trains are trains that are badly overcrowded. Some of them, however, do have passengers standing for relatively short distances."

On the other hand many of these shoreline suburban trains are operating daily with vacant seats even in peak traffic periods."

The Chicago North Shore &

Milwaukee railway which parallels the Chicago & Northwestern in some north shore suburbs, had been tied up for several weeks by a strike.

Test Legality of Sunday Court Sessions in State

Chicago, May 21—(AP)—The Chicago Bar association plans to have the state supreme court say whether Sunday court sessions in Illinois are legal.

Chief Justice Edward S. Schwartz of municipal court said yesterday that a fine or jail sentence will be imposed Sunday, June 6, and that an appeal to test validity of the Sabbath penalty then will be taken to the supreme court.

He explained that although state statutes do not provide specifically for Sunday courts, a decision many years ago held that Illinois judges may perform only ministerial duties on Sunday.
